

UPPRESS commits to carry out all appropriate actions towards the improvement of health and safety conditions, in order to ensure the protection of employees life and health, including vendors, contractors and visitors to the company premises, as prescribed by the Greek and European legislation.

The company's activities, which are included within the scope of the Occupational Health and Safety Management Policy OHSAS 18001:2007 are:

-  **Design, printing, production, sales of graphic arts & packaging products**
-  **Design, construction, installation and technical support of advertising applications**

Our Policy is based on:

- The risk assessment and the adoption of appropriate measures as to control the potential risks.
- Attending training sessions for preventive and improving working conditions.
- Maintenance and monitoring of equipment and premises proper operation.
- Compliance with legislative requirements, standards and internal regulation.
- Open and transparent communication along with the continuous and appropriate training on all issues relating to health and safety.

The ultimate goal of the company is to perform all tasks with the best quality and time standard, without accident or incident that could harm human health. The health and safety of our employees is a concern of all those involved in the company activities and depends above all on ourselves. To reduce the risk of its activities, the company is based on the prevention of dangerous situations.

The corporate health and safety policy and objectives, apply to all employees at all corporate levels; and all together, recognizing their individual risks of their own workplace, contribute to improving the Health and Safety Management System Performance.

### **The Management**
